Existing Signs On Site:

Table with 3 columns: Type (wall or freestanding), Dimensions, Area (square feet). Rows 1, 2, 3, and Total Area.

Proposed Wall Signs

Table with 3 columns: Linear Feet of Main or Front Façade, Sign Dimensions, Area (square feet). Rows 1, 2, 3, and Total Area.

Proposed Freestanding Signs

Table with 4 columns: Type (monument or pole), Height in feet, Sign Dimensions, Area (square feet). Rows 1, 2.

Notes:

All applications must be accompanied by dimensioned drawings of all existing and proposed signs and locations of signs. For freestanding signs, a plot plan showing property lines, easements, location of proposed sign, and distances from property lines to sign face. An approved permit is valid for 180 days.

The above information is correct and complete. I have read and understand the portions of the Northport Zoning Ordinance pertaining to signs (Article VIII) and agree to comply with the zoning requirements and all other applicable ordinances and regulations.
